

SR. PACKAGING ENGINEER

REPORTS TO: DIRECTOR OF PROGRAM MANAGEMENT

SPEED TO MARKET WITH CONFIDENCE

Company Overview

Packaging Compliance Labs, PCL, is a medical device packaging testing and engineering firm headquartered in Kentwood, MI and working with clients around the country. PCL is a small company that opened our doors in 2014 and since then, due to rapid growth, have expanded our facility three times with a fourth expansion in the works! Additionally, we have been named one of West Michigan's "Top 50 Companies to Watch". As a young, successful, and rapidly growing company, we are looking to add a Sr. Packaging Engineer into our positive culture and work environment.

Job Description

The Sr. Packaging Engineer will report directly to the Director of Program Management and will be the leading engineer on the team. This position will provide medical device and pharmaceutical packaging engineering consulting services for PCL clients. Responsibilities include providing the necessary technical expertise in healthcare packaging design, development, and validation with the understanding of ISO 11607 compliance as well as ASTM and ISTA testing principles. Other duties include authorship of protocols, reports, FMEAs, specifications, and other project documentation as well as developing work instructions and quality plans. The Sr. Packaging Engineer is also responsible for collaborating with clients to understand their project objectives, make recommendations on project strategy and study design, ensure technical project aspects makes sense, and identify additional sales opportunities.

Qualifications

- 5-10 years' experience in medical or pharmaceutical packaging engineering, packaging laboratory testing, or related field
- Medical packaging engineering experience required
- Previous package testing / laboratory experience is preferred
- Bachelor of Science (BS) in Packaging Engineering or related technical field

Compensation, Benefits, and Structure

This position is full-time with a competitive salary based on skills and experience. This position is Monday-Friday, 8:00am-5:00pm. Medical, Dental, and Vision insurance are available on the first of the month following 60 days of employment. In addition, PCL also offers a 401(k) plan with matching employer contributions, company-paid life and disability insurance, paid holidays, and paid time off.

Recruitment Steps

The recruitment process will include one phone screen, an in-person interview, candidate assessments, and a pre-employment background check.
