

Manufacturing Engineer

REPORTS TO: Director of Program Management

COMPANY OVERVIEW

Packaging Compliance Labs, PCL, is a medical device packaging testing and engineering firm headquartered in Kentwood, MI and working with clients around the country. PCL is a small company that opened our doors in 2014 and since then, due to rapid growth, have expanded our facility three times with a fourth expansion in the works! Additionally, we have been named one of West Michigan's "Top 50 Companies to Watch". As a young, successful, and rapidly growing company, we are looking to add a Manufacturing Engineer into our positive culture and work environment.

JOB DESCRIPTION

The Manufacturing Engineer will report directly to the Director of Program Management. This position will have both manufacturing and packaging engineering duties and responsibilities. Under the manufacturing umbrella, the Manufacturing engineer will be responsible for ensuring all documentation in accordance with ISO 13485 regulations (Design Record, BOM, PFMEA, Work Instructions, and Validations) are completed and approved prior to turning the process over to Production. Other duties will include leading the installation, operation, maintenance, and troubleshooting of basic manufacturing equipment. Under the packaging engineer umbrella, this position will be providing packaging engineering consulting services for PCL clients while following ISO 17025 requirements, company policies and procedures, customer requirements, and cGDP, cGLP guidelines at all times. The Manufacturing Engineer will also be working closely with Program Management to develop, manage, and maintain project schedules and project management duties.

QUALIFICATIONS

- 3+ Years of Manufacturing experience in ISO 13485 Medical Device Manufacturing, or related field
- Medical packaging engineering
- Basic knowledge of FDA 21 CFR 820 and requirements for developing and qualifying a medical device
- Experienced with Production Systems
- Bachelor of Science (BS) in Engineering or related technical field
- Training will be provided

COMPENSATION, BENEFITS, AND STRUCTURE

This position is full-time with a competitive salary based on skills and experience. This position is Monday-Friday, 8:00am-5:00pm. Medical, Dental, and Vision insurance are available on the first of the month following 60 days of employment. In addition, PCL also offers a 401(k) plan with matching employer contributions, company-paid life and disability insurance, paid holidays, and paid time off.

RECRUITMENT STEPS

The recruitment process will include one phone screen, an in-person interview, candidate assessments, and a pre-employment background check.
